

HAVE A BISON QUEST CHRISTMAS!

What would it be like to step out of the mad rush of crowds, the blare of advertising, and the panicked gift buying that we have somehow equated to our holiday season? How would it feel to spend your holiday season in a place where the hush of wilderness is broken only by the voices of your loved ones and the gentle grunt of the buffalo? Whether you celebrate Christmas as a religious holiday, or a celebration of the sun's return and the triumph of light over dark, it's definitely a time to remind ourselves of what is most precious to us – that of spending time with those we love. And what better way to do that, than to enter the world of the buffalo for a holiday experience like no other on earth.

4 DAY/3 NIGHT PRIVATE WILDERNESS HOLIDAY

Arrival Day, 23 December: We'll pick up you and your family/friends in the morning from either your hotel or straight from the airport for the trip to Wild Echo Bison Reserve.

2nd Day – Christmas Eve: Of course, everything in the [Winter Bison and Wilderness Escape](#) package is available, but for those who would like to have a tree to decorate, we'll take you Christmas tree hunting so you can choose your own. And what better way to decorate a tree in a log cabin than for the kids (of any age) to make some simple homemade ornaments, much as one might have done a hundred years ago. As for gifts, while we have no problem with you hauling your store-bought gifts along with you to give on Christmas morning, there's another option. You can leave all of those behind in the world where they belong and, in keeping with the spirit of an old-fashioned Christmas, we have some ideas (and the supplies) for each of you to make simple heartfelt gifts for each other.

Christmas Day (3rd Day): We'll have breakfast ready in the "dining cabin" at whatever time all of you are ready. You can try our family's traditional German Christmas bread, or give us recipes of your own.

Christmas Dinner: It's your choice. We can do a traditional roast turkey dinner (with a locally raised turkey and all of the trimmings, of course) or have an English dinner with a real western twist – Bison Prime Rib with Yorkshire pudding! You decide the menu before you come, add any of your own requests, and enjoy it all next to a cozy fireplace in a log cabin in the wilderness.

4th Day: Let us know the time you need to depart, and we will return you to the airport for your flight out, or to your Bozeman hotel for those of you who are going to continue your Montana vacation. We are happy to add on our Wolf Watching Yellowstone Package, or can give you suggestions on how to do it all on your own. And for the skiers among you, there are several ski areas near us, including [Big Sky Resort](#), [Bridger Bowl](#), and [Moonlight Basin](#) where you can make arrangements to add to your stay in our gorgeous state.

We can only take one group, so hurry up and join us!
